

With apples grown at **almost 1000 metres above sea-level on the Ritten in South Tyrol** plus our strict quality criteria, we produce **all-natural gourmet mountain apple juices**: both **single-variety juices** and **cuvées** of apple juice with perfect partners or fascinating aroma extracts - and as a very special highlight our limited-edition **Grand Cru juices** made from almost forgotten apple varieties. **Kohl mountain apple juices** are an ideal **thirst-quencher** at any time of day or night and a **fine and elegant alternative** to wine with your meal.

Gravensteiner

Product line: GOURMET

100% pure mountain apple juice from single variety apples - naturally cloudy

Pressed from our ripe hand-picked mountain apples. Guaranteed authentic and natural.

Mountain apple juice: light straw yellow, spicy aroma, lively, refreshing aftertaste

The mountain apple juice made with the Gravensteiner variety has a cheerful straw yellow colour and an enchanting aroma: a unique aroma of flowers, delicate citrus notes, grapefruit and spices. The juice has much to offer the palate: lively with a lasting freshness.

The Apple: The Gravensteiner summer apple is a chance seedling. It is also one of the tastiest apples in Europe. The apples are medium-sized to large and yellow when ripe, with medium-firm, very juicy flesh.

Serving temperature: 8 - 10°C

Especially recommended with raw fish, seafood, shellfish, thickened cream soups.

Our recommendation: we recommend the use of stemware for our mountain apple juices so that, as with wine, the aromas can develop fully.

Kohl mountain apple juices are **carefully pasteurised** for long life but contain **no preservatives or added sugar**.

Nor do they contain any animal-derived ingredients or genetically modified products. Kohl mountain apple juices carry the **V-label** of the European Vegetarian Union.

Our mountain apple juices do not contain gluten. They are digestible for people with coeliac disease.

Store unopened bottles in a **cool and dark place**. Once opened, keep in a refrigerator and drink within 6 days.

Product line: GOURMET

100 % pure mountain apple juice from single variety apples - naturally cloudy

Bottle

Content	750 ml
Bottle material	glass
Bottle colour	white
Bottle closure	screw cap
Bottle height	330 mm
Bottom diameter	70 mm
Cap diameter	28 mm
Net weight of bottle	400 g
Gross weight of bottle	1.210 g

Carton

Carton content (bottles)	6
Carton dimensions (H/W/L)	33,5x16x23,5 cm
Gross weight of carton	7.530 g

Euro palett

Cartons per layer	25
Layers per pallet	4
Gross weight of pallet	753 kg
Pallet dimensions (H/W/L)	134x80x120 cm

General

Article number	G075005
